Professional power right at your fingertips

Quilt your masterpiece with ease using Quiltmagine for Nolting. Enjoy the benefits of a professional automated quilting system in the comfort of your own home! Use the software to design and layout your projects and let Quiltmagine quilt it!

*Pick from over 200 patterns
or design your own*

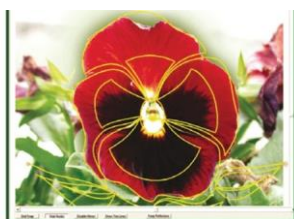

*Adjust and layout blocks,
pantographs, or a whole quilt*

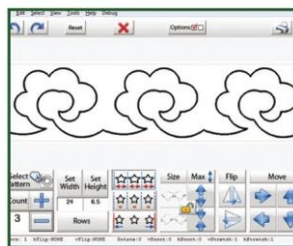

*Quiltmagine quilts your designs
with professional accuracy*

All inclusive, flow-through system

Choose from the vast library of included patterns or design your own! Mirror or rotate your patterns, or alternate patterns and rows with the touch of finger! Everything from pattern design, pantograph creation, layout adjustment, to precise pattern placement on your quilt, is available at your fingertips with Quiltmagine.

*Trace new patterns
from photos*

*Simplified pantograph
creation*

*Virtual Long Arm: Quilt
any size block with any
size sewing machine*

*Precise placement
methods*

Other Features:

- Integrated software, design and position patterns, pantographs, borders, and full quilt layouts
- Includes pattern library with over 200 quilt-ready patterns
- Precise pattern placement methods for advanced quilting
- See your pattern in relation to your quilt on-screen before you begin quilting
- Record and save any free-hand quilted patterns to use or edit later
- Easily switch between computer-guided quilting and free-hand quilting
- Import a wide variety of pattern file types from other programs
