Fun Quilter Package Options

Fun Quilter on the Nolting commercial steel frame. We deliver the machine and table to your home and provide setup, testing and training. Along with this you get a free bobbin winder, extra bobbins, oil, patterns and a free day of training by our professional quilting trainers.

Fun Quilter on a Hinterberg stretch frame. We ship the machine and frame directly to you. Assemble in one hour. The conduit metal rollers can be cut to the length you want your table to be.

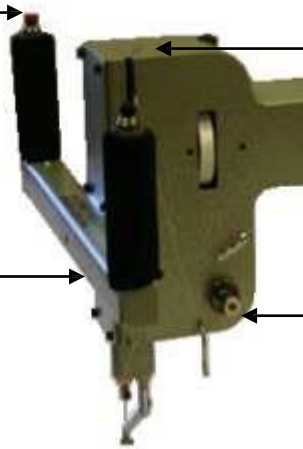

Fun Quilter

***M.A.Q. only comes with standard speed:** See M.A.Q. Mid Arm Quilter brochure for details

The Fun Quilter Head Assembly is identical to the ones we put in our Commercial and Pro Series. No Corners are cut!

Single stitch red button saves your fingertips from having to use the roller wheel when moving the needle one stitch at a time.

Only 4 drops of oil every 8 hours of continuous use. No oil wells or complex places to get to.

9" florescent light for a perfectly lit work area. Switch out and insert a black light when needed.

Obvious thread path and tension device help you achieve your desired stitch quality.

Our famous hopping foot assembly is just right for rulers and guides.
